WORK EXPERIENCE

Atypon

UI - FRONT END ENGINEER (Amman - Jordan)

Apr 2016 - Present

Atypon Systems Incorporated provides software-as-a-service content delivery to publishers. The company sells a hosted platform solution to manage, deliver and monetize online content and an enterprise access and commerce platform to provide authentication, authorization, administration, registration and licensing functionality for digital goods and services. Atypon works with clients such as McGraw-Hill Education, American Chemical Society, The New England Journal of Medicine, Oxford University Press and CBS Interactive to distribute their content over the internet.
